

The School Board wishes to encourage the use of school facilities by the community as long as the use is lawful and does not interfere with the district's educational programs, which is the primary purpose of the buildings and grounds. Community use of facilities is subject to the terms of District Policy and Procedures 4330/4330P and the current schedule of user fees. Funds may be charged for the use of school facilities to ensure that funds intended for education of children are not used for other purposes. Permission to use a particular facility may be denied based on a belief that the activity proposed may not be in the district's interests, or due to the level of previously scheduled use. No person shall be denied the full enjoyment of the facilities because of race, creed, color, sex, or origin.
